an accessible and comprehensive introduction to cultural and social anthropology sharing our worlds offers readers the perfect introduction to cultural and social anthropology introducing the classic theoretical ideas of its key founders and placing them in their historical and geographical context this new edition is fully updated including topics for reflection at the end of each chapter which offer topics for debate and further discussion as well as a new final chapter illuminating the valuable ways in which anthropology may be used in the world at large this comprehensive text covers the anthropology s core topics in an even handed and illuminating manner introducing the reader to divergent views on all of the most basic subjects including food hygiene gift exchange rites of passage symbolism religion politics and the environment and raising awareness of the emotional value people place on those views incorporating a wide array of countries it brings the subject of cultural and social anthropology right into the neighborhood of the readers wherever they are in the world written in a refreshingly accessible style the volume offers a compelling introduction to an enigmatic and exciting subject drawing out its relevance and value for the complex multicultural world in which we live

this comprehensive anthology presents 40 readings that are critical to an understanding of anthropological theory and the development of anthropology as an academic discipline the readings have broad anthropological appeal emphasizing social and cultural anthropology the third edition has been completely revised throughout and organized to work more closely alongside the companion overview text a history of anthropological theory it includes six new readings as well as two original essays written by contemporary anthropologists on why theory matters these new essays help ground the more abstract readings in the collection the glossary has been significantly expanded and the discussion questions have been revised the result is a volume that offers not only a strong foundation in the history of the discipline but also a good overview of developments in twentieth and twenty first century anthropological theory including feminist anthropology postmodernity medical anthropology globalization postcolonialism and public anthropology

the third edition of this best selling text now includes an update to the evolutionary primate taxonomy and even more tools to help students grasp the major concepts in physical anthropology including new photorealistic art

the third edition of this bestselling book introduces readers to anthropology and the world around it by connecting important concepts to current global issues a question based approach encourages readers to understand specific issues in a broader cross cultural context while building an appreciation for anthropology s role in developing global citizenship this edition has been updated and revised throughout including discussion of technology design anthropology and the effects of social media on cultural change as well two new chapters one on global responsibility for refugees and the other on human trafficking as a form of modern day slavery make the text particularly relevant

anthropology matters places the study of anthropology concretely in the world that surrounds it it takes a question based approach to introducing important anthropological concepts by embedding those concepts in contemporary global issues that will interest

students the third edition of this popular text has been updated throughout and includes two new chapters globalization and transnational mobility and the responsibility of the global community to refugees the book has also been revised and updated throughout to reflect current events and popular topics including the impact of social media on social political and religious systems interviews with women who veil and discussion of design anthropology

values are culturally specific this handbook explains select biblical social values in their mediterranean cultural contexts some examples of values are altruism freedom family centeredness obedience parenting and power though the english words for the values described here would be familiar to readers e g altruism the meanings of such words differ between cultures in the mediterranean world for instance altruism is a duty incumbent upon anyone who has surplus it is interpersonal and group specific in the west especially in the united states altruism is impersonal and universally oriented generosity that operates in a highly organized context this handbook not only presents the mediterranean meanings of these value words but also contrasts those meanings with western ones

this overview of the history of anthropological theory provides a comprehensive history from antiquity through to the twenty first century with a focus on the twentieth century and beyond unlike other volumes it also offers a four field introduction to theory as a stand alone text or used in conjunction with the companion volume readings for a history of anthropological theory erickson and murphy offer a comprehensive affordable and contemporary introduction to anthropological theory the third edition has been updated and fully revised throughout to closely parallel the presentation in the companion reader making it easier to use both books in tandem new original essays by contemporary theorists bring theories to life and portraits of important theorists make it a handsome volume sources and suggested readings have been updated and glossary definitions have been updated streamlined and standardized

after over three decades of continual publication in multiple editions the third edition of rethinking psychological anthropology now with coauthor stephen leavitt describes the latest interests concepts and approaches in the field with the inclusion of four new chapters and updates to earlier topics the premise of the previous editions remains that all anthropology is psychological and that the interplay between anthropological methods and the psychological theories existing in different times is dialectical psychological anthropologists have grappled with changing trends in both disciplines including psychoanalytic holistic cognitive interpretive and developmental approaches it is important to appreciate these currents of thought to understand the state of the field today this text is thus a guide to that history along with a critique that may lead to a new synthesis it is an ideal choice for courses in psychological anthropology cross cultural psychology and the history of anthropology

urban von wahlde s radically new three volume commentary on the gospel and letters of john is the most detailed study of the composition of the johannine literature ever put forth by an american scholar nearly all of the problems confronted by those who study john have to do with the literary strata of the gospel of john and their relation to the composition of the letters of john with an archaeologist s precision and engaging a whole range of scholarly contributions in this area von wahlde digs down to the foundations and exposes three distinct literary strata in the development of the johannine tradition volume 1 gives detailed evidence identifying and listing the criteria for each stratum volumes 2 and 3 apply those criteria to the gospel and letters of john respectively

in this masterly state of the art work ulf hannerz maps the contemporary social world of anthropologists and its relation to the wider world in which they carry out their work raising fundamental questions such as what is anthropology really about how does the public understand or misunderstand anthropology and what and where do anthropologists study now and for whom do they write hannerz invites anthropologists to think again about where their discipline is going full of insights and practical advice from hannerz s long experience at the top of the discipline this book is essential for all anthropologists who want their craft to survive and develop

in a volatile world and contribute to new understandings of its ever changing diversity and interconnections

includes articles on issues of worldwide anthropological interest

an essential core textbook that leads the reader from social anthropology s foundational approaches and theories to the fundamental areas that characterise the field today taking a truly global and holistic view it includes a wide range of case studies touching on topics that both divide and connect us such as family marriage and religion fully updated and revised the third edition of this popular textbook continues to introduce students to what social anthropology is what anthropologists do how and what they contribute and how even a limited knowledge of anthropology can help people flourish in today s world this is an inviting engaging and enjoyable text that has established itself as a comprehensive introduction to social and cultural anthropology written in an accessible style and including a wide range of pedagogical features it is ideally suited to new or prospective students seeking to better understand the discipline and its roots new to this edition includes a new chapter on the role of social and cultural anthropologists and the specific methods they use in a fast changing world features a number of new first hand accounts to explore difficult concepts through people s real world experiences updated sections for further exploration including books articles novels films and websites
